Simplifying Balloon Dilation

EXPANDING THE POSSIBILITIES™
Merit Endotek’s BIG60 Inflation Device is designed to inflate and deflate non-vascular balloon dilators while accurately monitoring and displaying crucial inflation pressures. Our ergonomically designed 60ml inflation device is a one-piece, easy-to-use device that pairs Merit’s market-leading inflation device experience with our non-vascular stent technology.

**Inflation Device Features:**

- **Convenient All-In-One Design**
  Requires no assembly or cleaning before use and is completely disposable

- **Lock Release Handle**
  Allows for easy and accurate one-handed control of inflation and deflation

- **Flexible High Pressure Tubing**
  Aids in priming and enables flexibility in positioning the device when attached to a balloon catheter

- **Angled Analog Pressure Gauge**
  Provides accurate pressure readings and high visibility in low-light environments

Also Available

- Endotek Analog Inflation Device 20ml, 30ATM
- Endotek Digital Inflation Device 20ml, 30ATM
- Brighton® Bipolar Coagulation Probe
- Fully Covered ALIMAXX-ES™ Esophageal Stent
- ALIMAXX-B® Biliary Stent
